## **ANALYSIS**

The subject properties are currently undeveloped. The properties are identified in the Centennial Hills Sector Plan as O (Office), which allows small lot office conversions. The current county zoning for the parcels is R-E (Rural Estates Residential), which allows two (2) units per acre. The city's equivalent zoning is U (Undeveloped) [O (Office) General Plan Designation]. The applicant has indicated there are no plans to develop the parcels at this time. The subject sites are not located within the excepted area of the Interlocal Agreement, and in order to receive city services for future development they must be annexed into the city.

This property is in an area considered to be appropriate for annexation in that it meets the provisions of NRS 268.580 No. 2 (b), which states, "Not less than one-eighth of the aggregate external boundaries must be contiguous to the boundaries of the annexing city."

Additionally, the site is located within the North Las Vegas Airport Overlay District, with a height restriction of 175 feet. There are no structures on the subject properties that would negate compliance with the Airport Overlay height restriction.

## **FINDINGS**

In the event the annexation is approved the applicant will need to submit applications for any future development. Since the subject properties meet NRS requirements pertaining to annexations and are consistent with the land use designations utilized in the city, staff recommends approval.
